

# DEEP IMAGINATION

MY SILENT CELEBRATION

## In My Memory

Once in a dream I heard a silent call  
We met again in old temple halls  
In old temple halls  
Good times reawaken in my memory

Memory

You told me then to follow my heart  
Now I'm back here in my temple halls  
My old temple halls  
Great times awaken in my memory

Memory

We will talk about  
When the rain is falling  
Don't lose time find truth  
Cause the wheel of life turns  
Live your life go far  
Don't you fear the unknown  
Time goes by  
But the memory will stay forever

Go far

Memory

Memory

In my memory

## Longing For Peace

One world

One star

One world

We go far

One world

One star

One world

We go far

Longing

Longing for peace longing

One world

One star

One world

Search for the archaic

In the depth of your soul

Your forefathers are with you

And they are talking to you

Longing

Longing for peace longing

Longing for peace

## Coming From The Cold

You and me

On the search for lightness  
But it was far away

We were in the darkness  
We waited for that day

You with me

We heard the voices calling  
They lead us to the light

We felt like we were dreaming  
We waited for the night

We were looking for the answers  
We were searching for the gold

And we were coming coming coming  
from the cold

Finally we found the answers the answers  
Of which the voices told

And we were coming coming coming  
from the cold

Nah nah nah nah nah  
Nah nah nah nah nah

We were searching for the gold  
And we were coming coming coming  
from the cold

## Burning Sun

I'm walking  
I'm walking  
Like I'm on the run

I'm walking  
I drag myself ahead  
And the heat is going on

I'm walking  
Like I'm on the run  
I can't escape the burning sun

Far from here  
Far from there  
I'm walking  
Far from here  
And the heat is going on  
Far from here

We haven't been paying attention  
to the earth  
So much was destroyed  
So much has happened

There were a lot of bad targets  
At the expense of nature

So many in such a small space  
More and more  
More and more

Something new will begin  
Something better

## Stopping To Run

Stopping to run  
I'm stopping to run

Stopping to run  
I'm stopping to run  
Stopping to run

I'm stopping to run  
Stopping to run

Stopping

You run through life  
You're always running out of time  
You won't find peace anymore  
Better you take a break

Everything is slow  
Stopping

So you run through life  
So you run through life

You run through life

We're running  
We're running  
We're running through life  
We're running  
We're running  
We're running through life

I'm stopping to run  
I'm stopping to run

Stopping stopping to run

## After The Glow

*Instrumental*

## Entering The Temple

Nowhere  
And we walk down the lane

Nowhere  
A landscape in the rain  
Nowhere nowhere nowhere

And we walk down the lane  
And we walk down down

Drown to another world

Enter the temple  
Enter the temple

Drown to another world  
Drown

Enter the temple

Temple  
Temple

Nowhere nowhere

Another world

## In My Memory

*(Extended Version)*

Once in a dream I heard a silent call  
Good times reawaken in my memory  
You told me then to follow my heart  
Now I'm back here

Great times awaken in my memory  
Memory  
Memory

In my memory  
In my memory  
Good times reawaken  
In my memory  
Now I'm back here  
In my memory

I wonder and remember  
Year after year and more

Memory will stay forever  
Memory Memory Memory

When the rain is falling  
Cause the wheel of life turns

When the rain is falling  
Cause the wheel of life turns  
The wheel of life turns

The wheel of life turns  
Forever

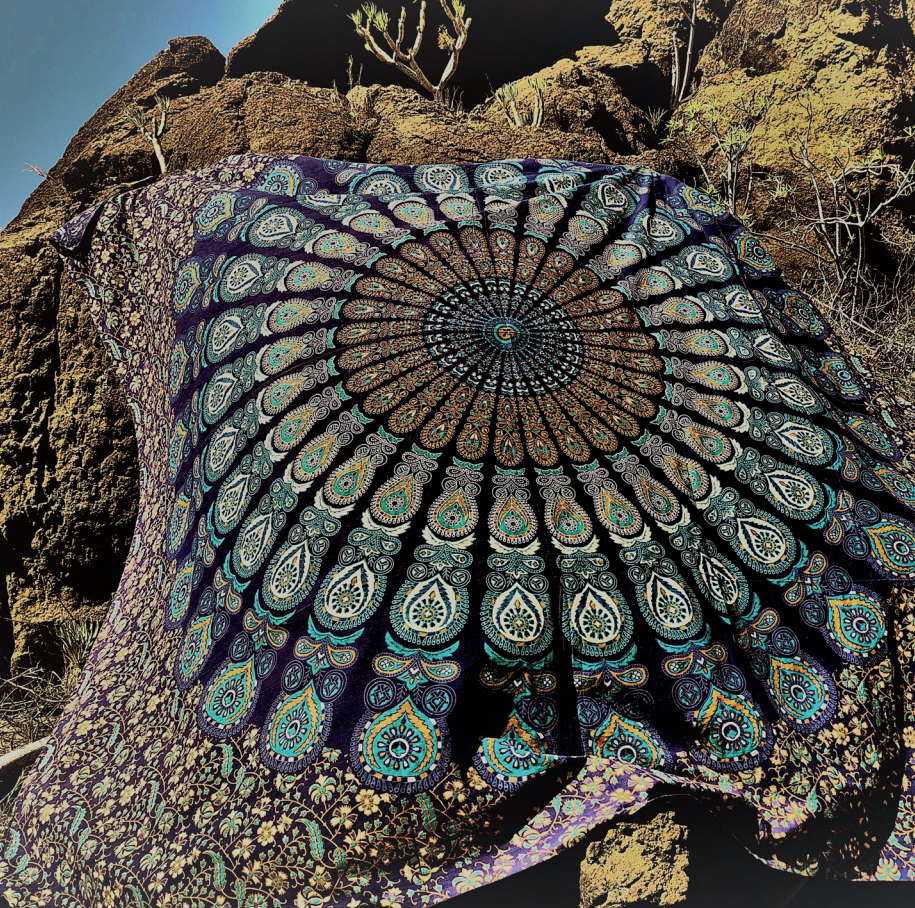

The wheel of life turns  
Forever

Memory  
In my memory  
In my memory  
In my memory  
Memory

Don't lose time  
Now I'm back here  
To follow my heart – find truth  
To follow my heart

Don't lose time – Don't lose time  
Find truth – Find truth – Truth

Time goes by  
But the memory will stay forever  
Go far
